

# The Global 4X Loan Program

Interest Only @ LIBOR +2

The 4X Loan is a multiples based lending program that provides a loan that is either three or four times the borrower's "Initial Funds Deposit". The borrower's capital is protected and fully secured by a federally regulated coupon bond earning 7% per year, paid out monthly. Borrower's funds are always in an account in the borrower's name. The loan is deployed across 9 to 12 months and the deposit must remain in position until the loan is repaid or otherwise settled.
