

Asset Backed LC for 100% Funding

Are you looking to fund your next big project or business expansion? Let us introduce you to our Asset Backed LC Funding Program.

Our Investor will work with you to set up credit line with your bank that is fully underwritten by the assets they have pledged to your company's balance sheet. The LC fully funds your project and will be available to draw in accordance with the Use of Funds outlined in the loan docs. The pledge would be 2X your loan amount with 50% of the monetized value of the pledge allocated to the asset owner for risk mitigation purposes.

- The program does not require the typical (4X) 20% of funds already raised.
- The program offers relatively quick turn arounds of 30 to 45 days.
- The asset owner does seek a minor equity stake in the company.

If you have an established company with a strong balance sheet and you are seeking at least \$5M in capital, our investor can pledge assets that your lender can use to secure a credit line. The available asset classes include: SafeKeeping Receipt (Brinks SKR) or Asset Pledge backed by gold vaulted at Banca d'Italia.
